4	<p>Despite what this may look like, I am not a slut. Unless, of course, the definition of slut is based on the fact that I make out with lots of people, regardless of my lack of attraction to them. In that case, one might have grounds for debate.</p> <p>...Karen may be an unconventional parent, but when it comes to boys sneaking through bedroom windows at midnight, she's your typical, disapproving mother.</p>
5	<p>When we were fifteen, we started sneaking boys in to eat ice cream and watch movies with us. By the time we were sixteen, the ice cream and movies took a backseat to the boys. Now, at seventeen, we don't even bother leaving our respective bedrooms until after the boys go home.</p>
6	<p>He doesn't give me a chance to respond before his lips greet mine in a sloppy introduction. He continues kissing me while slipping off his shoes. He slides them off effortlessly while we both walk toward my bed, mouth still meshed together. The ease with which he does both things simultaneously is impressive and disturbing. He slowly eases me back onto my bed. "Is your door locked?"</p>
8	<p>Grayson walks back toward the bed after ensuring my door is locked, and he shoots me a seductive grin. "How about a little striptease?" He sways his hips and inches his shirt up, revealing his hard-earned set of abs. I'm beginning to notice he flashes them any chance he gets.</p> <p>...I laugh when he twirls the shirt around his head and throws it at me, then slides on top of me again. He slips his hand behind my neck, pulling my mouth back into position.</p> <p>...He's been here less than three minutes and he's already got his hand up my shirt. I think it's safe to say he's not here for any stimulating conversation. His lips move from my mouth in favor of my neck, so I use the moment of respite to inhale deeply and try again to feel something.</p> <p>...I fix my eyes on the plastic glow-in-the-dark stars adhered to the ceiling above my bed, vaguely aware of the lips that have inched their way to my chest.</p> <p>...Me, lying unnoticeably unresponsive, while Grayson explores my face and neck, and sometimes my chest, with his curious, overexcited lips.</p> <p>Why, if I'm not into this, do I let him do it?</p> <p>I've never had any emotional connection to the guys I make out with. Or rather, the guys that make out with me. It's unfortunately mostly one-sided. I've only had one guy come close to provoking physical or emotional response from me once, and that turned out to be a self-induced delusion. His name was Matt and we ended up dating for less than a month before his idiosyncrasies got the best of me.</p>

There are seventy-six of them. Stars, that is. I know this because for the last few weeks I've had ample time to count them while I've been in this same predicament. Me, lying unnoticeably unresponsive, while Grayson explores my face and neck, and</p>

	<p>sometimes my chest, with his curious, overexcited lips.            Why, if I'm not into this, do I let him do it?            I've never had any emotional connection to the guys I make out with. Or rather, the guys that make out with me. It's unfortunately mostly one-sided.</p>
10	<p>For a while she suspected I might be gay. After a very brief and awkward "theory-testing" kiss between us when we were sixteen, we both concluded that wasn't the case. It's not that I don't enjoy making out with guys. I do enjoy it- otherwise, I wouldn't do it. I just don't enjoy it for the same reasons as other girls.            ...Grayson's hands have ventured further than I've allowed them to in the past and I quickly become aware of the fact that he has unbuttoned my jeans and his fingers are working their way around the cotton edge of my panties.</p>
11	<p>Did I mention I'm immune to his panty-dropping grin?            "How much longer are you gonna keep this up?" He slides his hand over my stomach and inches his fingertips into my jeans again.            ...I've never had sex with any of the boys I've made out with, including the currently pouting Grayson. I'm aware that my lack of sexual response would probably make it easier on an emotional level to have sex with random people. However, I'm also aware that it might be the very reason I shouldn't have sex. I know that once I cross that line, the rumors about me will no longer be rumors. They'll be fact. The last thing I want is for the things people say about me to be validated. I guess I can chalk my almost eighteen years of virginity up to sheer stubbornness.            For the first time in the ten minutes he's been here, I notice the smell of alcohol reeking from him. "You're drunk." I push against his chest. "I told you not to come over here drunk again." He rolls off me and I stand up and button my pants and pull my shirt back into place. I'm relieved he's drunk. I'm beyond ready for him to leave.            He sits up on the edge of the bed and grabs my waist, pulling me toward him. He wraps his arms around me and rests his head against my stomach. "I'm sorry," he says. "It's just that I want you so bad I don't think I can take coming over here again if you don't let me have you." He lowers his hands and cups my butt, then presses his lips against the area of skin where my shirt meets my jeans.</p>
12	<p>"Funny how we're whores because you didn't get laid. Assholes."</p>
17	<p>It's fourth period now and I've heard the words "slut" and "whore" whispered not so subtly by almost every girl I've passed in the hallways. And speaking of not-so-subtle, the heap of dollar bills that just fell out of my locker, along with a note, were a good indicator that I may not be very welcome. The note was signed by the principal, but I find that hard to believe based on the fact that "your" was spelled "you're," and the note said, "Sorry you're locker didn't come with a pole, slut."            ...I'm also hoping most of the pranks being played at my expense are going to be just like the stripper-cash prank I'm experiencing right now.</p>
21	<p>"I'm new here. And if you haven't deduced from my impeccable fashion sense, I think it's safe to say that I'm..." he leans forward and cups his hand to his mouth in secrecy. "Mormon," he whispers.            I laugh. "And here I was thinking you were about to say gay."</p>

Page	Content
	<p>"That, too," he says with a flick of his wrist.            ..And after seeing the stripper money fall out of your locker before fourth period, then witnessing your nonreaction to it, I knew we were meant to be. Also, I figured if we teamed up, we might prevent at least two unnecessary teenage suicides this year.</p>
23	<p>Breckin has two brothers who aren't adopted, and who also aren't gay, so his parents assume his gayness (his word, not mine) has to do with the fact that he doesn't share a bloodline with them.</p>
24	<p>Most teenagers are stashing away cigarettes and weed- I stash away sugar.</p>
29	<p>I have a feeling if he smiles at me like Grayson tries to smile at me, my panties will be on the ground in record time.</p>
30	<p>The guys that, all they have to do is flash a crooked smile or a dimple and ask a girl her name and she melts until she's on her knees in front of him? The guys who spend their Saturday nights climbing through windows?</p>
35	<p>"...I would be fine if you were gay. I would be fine if you only liked skinny, short, geeky guys. I would even be fine if you were only attracted to really old, wrinkly men with even wrinklier penises. What I haven't been fine with is the thought of you never being able to experience lust."</p>
38	<p>"What if this is the one time you get horny for a guy and you never feel it again?" Her choice of words makes me grimace. "I wasn't horny for him, Six." She waves her hand in the air. "Horny. Attracted. It's all the same," she says flippantly, walking back to the bed.</p>
40	<p>The way his shorts are hanging off his hips is reason enough for me to forgive every single negative thing I've learned about him today.</p>
46	<p>"Do me a favor?"            Anything. I'll do anything you ask me to, so long as you're shirtless.</p>
58	<p>"School sucked ass. Thanks to you and your inability to just say no to guys, I've inherited your terrible reputation. But by divine intervention, I was rescued by Brekin, the adopted gay Mormon who can't sing or act but loves to read and is my new very bestest friend ever in the whole wide world."            ..."...And for the record, I don't have an inability to say no to guys. I have an inability to grasp the moral ramifications of premarital sex. Lots and lots of premarital sex."</p>
60	<p>"You think that's impressive? You should have seen me work the pole in the cafeteria."            ..."You're such a slut," she says quietly, attempting to hold back tears that we're both too stubborn to cry.</p>
61	<p>There's a card taped to the inside of my window with the word "slut" written on it in Six's handwriting.</p>
67	<p>"...Saturday you had sex with someone named Grayson and then kicked him out. Yesterday..." he drums his fingers on his chin.</p>
84	<p>"...You thought the slutty new girl would be sympathetic to the gay-bashing asshole?"</p>

Page	Content
86	I would say that it's simple for you not to judge me, because you're a dirty slut, too. ...For that, I'm sorry. But not too sorry, because I know if you were given the choice to either be my slutty best friend or be the girl with the good reputation, you'd screw every guy in the world.
88	And I can't wait to hear about Lorenzo, you slut.
89	All it said was "Whore." ..."I saw you in bed with my boyfriend last night. I really don't appreciate you getting massage oil on my cucumbers. Whore."
91	"I especially liked the one that said 'You're such a slut, you screwed Brekin the Mormon.'"
92	He reaches up to my face and holds my cheeks in his hands, then kisses me.
93	He starts kissing my neck, so I push against him and he backs away. ...He tries to flash me that panty-dropping grin. ...He pulls my face to his and kisses me again. ...For that reason alone, I continue to let him kiss me. He backs me against the car and runs his hands in my hair, then kisses down my jaw and to my neck. ...I don't know how long he plans on feeling me up, but ice cream is really starting to sound tempting right about now. ...All at once, my heart rate triples and my stomach flips and I get all of the feelings a girl is supposed to get when a hot guy's lips are all over her. Only I'm not having the reaction to the hot guy whose lips are all over me. I'm having the reaction to the hot guy glaring at me from across the parking lot.
95	"...I'm not getting pregnant, Mom. Only terribly high and cracked out." She laughs and hugs me. "Good girl. And wasted. Don't forget to get really wasted."
102	"Feel free to look around, but being as though there aren't any people eighteen or older here, stay off the bed. I'm not allowed to get pregnant this weekend." ..."Only this weekend? You plan on getting knocked up next weekend, instead?"
104	I don't know if I should scream for help or rip off my clothes.
109	"All right then. I guess I felt...horny." ..."My point is that I don't. I don't feel any of that. When I make out with guys, I don't feel anything at all..."
110	"I know it doesn't make sense, and no, I'm not a lesbian..."
114	I've learned an invaluable lesson about lust today.
126	"The moment my lips touch yours, it will be your first kiss. Because if you've never felt anything when someone's kissed you, then no one's ever really kissed you. Not the way I plan on kissing you."
131	"She died thirteen months ago. She killed herself, even though my mother would rather we use the term, 'purposely overdosed.'"
135	Did he just admit that he's suicidal?
136	"Are you allowed to get pregnant yet?" I laugh. "Nope. Not this weekend. Besides, you have to kiss a girl before you can knock her up."

	<p>"Did someone not have sex education when she was homeschooled?" he says.            "Because I could totally knock you up without ever kissing you. Want me to show you?"            ..."I'll take your word for it. Besides, I'm hoping we're about to get a hefty dose of sex education before we make it to the last page."</p>
140	<p>Like the hand that just planted itself on my outer thigh and is working its way up to my waist. He slides his hand under my T-shirt until his fingers barely graze the edge of my pants, and he leaves his hand there, slowly moving his thumb back and forth across my stomach.</p> <p>...When he reaches my ear again, he doesn't speak this time. Instead, he kisses it and there isn't a nerve ending in my body that doesn't feel it. From my head all the way down to my toes, my entire body is screaming for his mouth.</p> <p>I place my hand on his neck and when I do, chills break out on his skin. Apparently, that one simple move momentarily melts his resolve and for a second, his tongue meets my neck. I moan and the sound completely sends him into a frenzy.</p> <p>He moves his hand from my waist to the side of my head and he pulls my neck against his mouth, holding nothing back.</p> <p>...He kisses and licks and teases every inch of my neck, only gasping for air when it's absolutely necessary. As soon as I see the stars above my head, there isn't even enough time to count one of them before my eyes roll back in my head and I'm holding back sounds that I'm too embarrassed to utter.</p> <p>He moves his lips farther from my neck and closer to my chest. If we didn't have such a limited supply of firsts, I'd tear my shirt off and make him keep going. Instead, he doesn't even give me this option. He kisses his way back up my neck, up my chin, and trails soft kisses around my entire mouth, careful not to once touch my lips. My eyes are closed, but I can feel his breath against my mouth, and I know he's struggling not to kiss me. I open my eyes and look at him and he's staring at my lips again.</p> <p>...I don't know what it is about him staring at my lips like he is, but it's definitely the hottest thing about this whole situation right now. I do something I probably shouldn't do. I lick them. Slowly.</p> <p>He groans again and presses his forehead to mine. His arm gives way beneath him and he drops his weight on me, pressing himself against me. Everywhere. All of him. We moan simultaneously once our bodies find that perfect connection, and suddenly it's game on. I'm tearing off his shirt and he's on his knees, helping me pull it over his head. After it's completely off, I wrap my legs around his waist and lock him against me, because there could be nothing more detrimental than if he were to pull away right now.</p> <p>He brings his forehead back to mine and our bodies reunite and fuse together like the last two pieces of a puzzle. He's slowly rocking against me and every time he does it, his lips come closer and closer, until they brush lightly against mine. He doesn't close the gap between our mouths, even though I absolutely need him to. Our lips are simply resting together, not kissing. Every time he moves against me, he lets out a breath that seeps into my mouth and I try to take them all in, because it feels like I need them if I want to survive this moment.</p> <p>We remain in this rhythm for several minutes, neither of us wanting to be the first</p>

	<p>to initiate the kiss. It's obvious we both want to, but it's also obvious that I may have just met my match when it comes to stubbornness.</p> <p>He holds the side of my head in place and keeps his forehead pressed against mine, but pulls his lips back far enough so he can lick them. When he lets them fall back into place, the wetness of his lips sliding against mine drags me completely under, and I doubt I'll ever be able to come up for air.</p> <p>He shifts his weight, and I don't know what happens when he does this, but somehow it causes my head to roll back and the words, "Oh, God," to come out of my mouth. I didn't mean to pull away from his mouth when I tilted head back, because I really liked it being there, but I like where I'm going even more. I wrap my arms around his back and tuck my head against his neck for some semblance of stability, because it feels like the entire earth has been shifted off its axis and Holder is the core.</p> <p>...I try to calm my breaths and minimize the sounds escaping my lips, but I've lost any form of self-control. It's obvious my body is enjoying this nonkissing friction a little too much and I can't find it in me to stop.</p> <p>...He continues kissing my neck and moving his body against mine in a way that boys have done to me before, but this time it's different.</p> <p>...He pulls back and looks down into my eye, still barely moving his body against mine.</p> <p>..."...I need to watch you and in need to hear you because the fact that I know you're actually feeling this right now is so fucking amazing. You feel incredible and this feels incredible and please. Just...please."</p> <p>He lowers his mouth to mine and gives me the softest peck imaginable. It's enough to preview of what his real kiss will feel like and just the thought of it makes me shudder. He stops moving against me and pushes himself up on his hands, waiting for me to decide.</p> <p>..."Thank you," he breathes, gently easing himself onto me again, recreating the connection between us. He kisses the edge of my mouth several times, trailing close to my lips and down my chin and across my neck. The faster he breathes, the faster I breathe. The faster I breathe, the faster he plants kisses all over my neck. The faster he plants kisses all over my neck, the faster we move together-creating a tantalizing rhythm between us that, according to my pulse, isn't going to last much longer.</p> <p>I dig my heels into the bed and my nails into his back. He stops kissing my neck and down at me with heated eyes, watching me. He focuses on my mouth again, and as much as I want to watch him stare at me like he does, I can't keep my eyes open. They close involuntarily as soon as the first wave of chills washes over my body like a warning shot of what's about to come.</p> <p>...As hard as it is to do in the moment, I keep my eyes locked on his as I drop my arms, clench the sheets with both fists and thank Karma for bringing this hopeless boy into my life.</p> <p>...I begin to shudder beneath him and he never once breaks our stare. I can no longer keep my eyes open no matter how hard I try, so I let them fall shut. I feel his lips slide delicately back to mine, but he still doesn't kiss me. Our mouths are stubbornly resting together as he holds his rhythm, allowing the last of my moans and a rush of my breaths and maybe even part of my heart to slip out of me and</p>

	<p>into him. I slowly and blissfully slide back down to earth and he eventually holds still, allowing me to recover from an experience that he somehow made not at all embarrassing for me.</p> <p>When I'm completely spent and emotionally drained and my whole body is shaking, he continues to kiss my neck and shoulders and everywhere else in the vicinity of the one place I want kissed the most- my mouth.</p>
156	<p>"...Then we baked, I read some smut, and he went home."          ..."Then we broke the record for best first kiss in the history of first kisses without even kissing."</p>
172	<p>The feel of his tongue against my skin immediately sends a surge of heat through me and I can feel the flush rise from my stomach, straight up to my cheeks.          ...I reach up behind me and run my hand through his hair, pressing him deeper into my neck. His warm breath against my skin becomes increasingly more frantic, along with his kisses. Our breathing picks up pace as he covers every inch of my neck twice over.</p>
174	<p>He immediately drops his mouth and presses his lips to mine.          ..Our lips move passionately together as we struggle to pull ourselves closer, wanting to find the perfect connection with our bodies that we've just found with our mouths. He works his mouth against mine delicately, yet fiercely, and I match him movement for movement. I release several moans and even more breaths and he drinks each one of them in with his mouth.          We kiss and kiss in every position possible, attempting to remain as restrained as our want will allow us. We kiss until I can no longer feel my lips and until I'm so exhausted and spent that I'm not even sure if we're still kissing when he presses his head to mine.</p>
177	<p>"I left early this morning," he says, talking with his back still to me, "because I was afraid your mom would walk in and think I was trying to get you pregnant..."          ..."I need to kiss you. Your mouth was so damn perfect last night, I'm scared I dreamt the whole thing." He brings his mouth to mine and as soon as his tongue caresses mine, I can already tell this is going to be an issue.</p>
178	<p>I grab his shirt and force my mouth against his even harder. He groans and fists his hands into my hair, then abruptly lets go and backs away.</p>
181	<p>He pulls my face to his and he kisses me. They're short kisses, mostly pecks, but he kisses me over and over, pulling back after each kiss, waiting for me to respond.</p>
182	<p>He wraps his arms around me and he kisses me with nothing but a hell of a lot of relief.</p>
184	<p>"It's my birthday and the last two kisses you've given me have been pretty damn pathetic. If you expect me to spend the day with you, I suggest you start kissing me like a boyfriend kisses his-"</p>
185	<p>It's our first freestanding kiss and I love the way he's securing me protectively with his arm around my lower back. He traces his fingers along my cheek and runs them through my hair, bringing his lips closer to mine.</p>
186	<p>He inhales a deep breath as he presses his closed lips against mine, breathing me into him.</p>

Page	Content
	<p>...He kisses me as softly s possible, treating my mouth as though it's breakable. I part my lips and allow him to deepen his kiss, which he does, but even then it's still soft. It's appreciative and gentle and he keeps one hand on the back of my head and one on my hip as he slowly tastes and teases every part of my mouth. This kiss is just like he is- studied and never in a hurry.</p>
202	<p>"...The fact that the entire time you were walking around today I couldn't stop thinking about what's underneath this dress."          ...He leans in and kisses me softly, then pulls away just as I begin to melt into him. "And this dress," he says, running his hand down my back and gently gliding it over my hip and to the top of my thigh. I shiver under his fingertips. "This dress is the main reason I'm not walking any further into this house."          With the way my body is responding to him, I quickly agree with his decision to leave. As much as I love being with him and love kissing him, I can already tell that I would have absolutely zero restraint, and I don't think I'm ready to pass that first yet.          I sigh, but I feel like groaning. As much as I can agree with what he's saying, my body is still completely pissed off that I'm not begging him to stay.</p>
204	<p>His expression is solid and determined and he meshes our mouths together as soon as the sentence leaves his lips. He kisses me hard and with more passion than he's kissed me all day.</p>
207	<p>"Do your parents know you're gay?" I ask.          ...I shake my head. "If God's the type of guy that would damn you to Hell just for loving someone, then I wouldn't want to spend eternity with Him, anyway."</p>
211	<p>He wraps his hands in my hair and kisses me back with such strength, it's almost painful. We kiss for several minutes until the tension in him slowly begins to subside.          I pull my lips from his and look directly into his eyes.</p>
213	<p>Have you had sex him yet?</p>
214	<p>No, we haven't had sex yet. We've done almost everything else, though, so I'm sure his patience will wear out soon. Ask me again after tomorrow night, I might have a different answer.</p>
216	<p>I'm so excited to see him that I run to meet him at the window and wrap my arms around his neck, then jump up and make him hold me while I kiss him. His hands have firm grip on my ass and he walks to the bed, dropping me down gently.          "Well, hello to you, too," he says, smiling widely. He stumbles slightly, then falls on top of me and brings his lips to mine again.          ..."Are you drunk?" I ask.          ..."No. Yes."          "How drunk?"          He moves his head to my neck and runs his mouth lightly along my collarbone, sending a surge of heat through me. "Drunk enough to want to do bad things to you, but not drunk enough that I would do them drunk," he says. "But drunk enough to still remember them tomorrow if I did do them."          I laugh, completely confused by his answer, yet completely turned on by it at the same time.</p>

217	<p>"...I'm drunk off fruity froufrou girl drinks..."</p> <p>"...I already see this heading somewhere I'm too drunk to go right now..."</p>
227	<p>It would be so easy for him to take me right here on the stairs, but I'm hoping we at least make it to his room first before he tries.</p> <p>.. "I'm kissing you because sometimes I can't not kiss you. You know what your mouth does to me. I'm not expecting anything else, okay? As long as I get to kiss you, the other stuff can wait."</p>
231	<p>He straddles me, holding his weight up with his knees. "But what I can't handle, Sky? What drives me crazy and makes me want to put my hands and my mouth all over ever single inch of you?..."</p> <p>...He groans and kisses me, then pulls away.</p>
232	<p>His mouth collides with mine and for this moment, he really is all I need. He's propped up on his hands and knees, kissing me fiercely, but I need him to drop himself on top of me. My hands are still locked above my head and my mouth is useless to form words when he's teasing it like he is. The only thing I can do is lift my foot up and kick his knee out from under him, so that's what I do. The second his body falls against mine, I gasp. Loudly. I hadn't taken into consideration that when I lifted my leg, it would also push the hem of my dress up. Way up. Couple that with the hard denim of his jeans and you have a pretty gasp-worthy combination.</p> <p>"Holy shit, Sky," he says between breathless moments of completely ravishing my mouth with his. He's winded already and we haven't even been at it more than a minute. "God, you feel incredible. Thank you for wearing this dress." He's kissing me, sporadically muttering into my mouth. "I really..." He kisses my mouth, then runs his lips down my chin and halfway down my neck. "I really like it. Your dress." He's breathing so heavily now, I can barely make out the mumbling coming from him.</p> <p>He scoots slightly farther down on the bed until his lips are kissing the base of my throat. I tilt my head back to give him plenty of access, because his lips are more than welcome anywhere on me right now. He releases his grip on my hands so he can lower his mouth closer to my chest. One of his hands drops to my thigh, and he slowly runs it upward, pushing away what's left of the dress covering my legs. When he reaches the top of my thigh, he stills his hand and squeezes tightly, as if he's silently demanding his fingers not venture any further.</p> <p>I twist my body beneath his, hoping he'll get the hint that I'm attempting to direct his hand to keep going wherever it wants to go. I don't want him to second-guess himself or think for a second that I'm hesitant to go any further. I just want him to do whatever it is he wants to do, because I need him to. I need him to conquer as many firsts as he can tonight, because I'm suddenly feeling greedy and I want us to pass them all.</p> <p>He takes my physical cues and inches his hand closer to my inner thigh. The anticipation of him touching me alone is enough to cause every muscle from the waist down to clench. His lips have finally made their way past the base of my throat and down to the rise of my chest. I feel like the next step is for him to remove the dress completely so he can get to what's underneath it, but that would require his other hand, and I really like it where it is. I'd like it a little more</p>

	<p>if it were a few inches further, but I absolutely don't want it further away. I bring my hands to his face and force him to kiss me harder, then drop my hands to his back.</p> <p>...I reach around to his stomach and pull his shirt up over his head, but I don't realize that when I do, it also causes him to move his hand off my thigh. I may have whimpered a little, because he grins and kisses the corner of my mouth.</p> <p>...He never looks away and he keeps his locked on mine, even when he dips his head to plant kisses around the edges of my lips.</p> <p>..."Holder," I breathe. He slides his hands up my waist and moves closer to me. His mouth reaches my lips and he slips his tongue inside. It's sweet and warm and I know it hasn't been very long since I last tasted it, but I've missed it.</p> <p>..."Holder," I mumble, pulling away. I bring my hand to his cheek. "I want to. Tonight. Right now."</p> <p>..."This isn't me saying yes, Holder. This is me saying please."</p> <p>With that, his lips crashed to mine and he groans. Hearing that sound come from deep within his chest further solidifies my decision. I need him and I need him now.</p> <p>"We're really doing this?" he says into my mouth, still kissing me frantically.</p> <p>"Yes. We're really doing this. I've never been more positive of anything in my life." His hand slides up my thigh and he slips his hand between my hip and my panties, then begins to slide them down.</p> <p>"I just need you to promise me one thing first," I say.</p> <p>He kisses me softly, then pulls his hand away from my underwear (dammit) and nods. "Anything."</p> <p>I grab his hand and put it right back where it was on my hip. "I want to do this, but only if you promise we'll break the record for the best first time in the history of first times."</p> <p>He grins down at me. "When it's you and me, Sky...it'll never be anything less." He snakes his arm underneath my back and pulls me up with him. His hands move to my arms and he hooks his fingers underneath the thin straps of my dress, sliding them off my shoulders. I close my eyes tightly and press my cheek to his, fisting my hands in his hair. I can feel his breath meet my shoulder before his lips do. He barely kisses it, but it's as if he touches and ignites every part of me from the inside out with that one kiss.</p> <p>"I'm taking it off," he says.</p> <p>My eyes are still closed and I'm not sure if he's telling me or asking my permission to remove the dress, but I nod anyway. He lifts my dress up and over my head—my bare skin prickling beneath his touch. He gently lays me back against my pillow and I open my eyes, looking up at him, admiring just how incredibly beautiful he really is. After regarding me intensely for several seconds, he drops his gaze to his hand that's curved around my waist.</p> <p>He slowly moves his eyes up and down my body. "Holy shit, Sky." He runs his hand over my stomach, then leans down and kisses it softly. "You're incredible."</p> <p>I've never been this exposed in front of someone before, but the way he's admiring me only makes me want to be this exposed. He slides his hand up to my bra and grazes his thumb just underneath it—causing my lips to part and my eyes to close again.</p>

	<p>Oh, my God, I want him. Really, really bad.</p> <p>I grab his face and pull it to mine, locking my legs around his hips. He groans and slips his hand away from my bra and down to my waist again. He slides my panties down my thighs, forcing me to unlock my legs and let him take them off completely. My bra is quick to follow and once all of my clothes have been removed, he scoots his legs off the bed and halfway stands up, leaning over me. I've still got hold of his face and we're still frantically kissing while he removes his pants, then climbs back onto the bed with me, lowering himself on top of me. We're skin to skin now for the first time, so close that air couldn't even pass between us, yet it still feels like we aren't near close enough. He reaches across the mattress and his hand fumbles over the nightstand. He removes a condom from the drawer, then lays it down on the bed, lowering himself on top of me again. The hardness and weight of him forces my legs farther apart. I wince when I realize the anticipation in my stomach is suddenly turning into dread.</p> <p>And nausea.</p> <p>And fear.</p> <p>My heart is racing and my breaths begin to come in short gasps. Tears sting at my eyes as his hand moves around beside us on the bed, searching for the condom. He finds it and I hear him open it, but I'm squeezing my eyes shut. I can feel him pull back and lift up onto his knees. I know he's putting it on and I know what comes next. I know how it feels and I know how much it hurts and I know how it'll make me cry when it's over.</p> <p>But how do I know? How do I know I've never done this before?</p> <p>My lips begin to tremble when he positions himself between my legs again. I try to think of something to take away the fear, so I visualize the sky and the stars and how beautiful it all is, attempting to ease my panic. If I remind myself that the sky is beautiful no matter what, I can think about that and forget how ugly this is. I don't want to open my eyes, so I just count silently inside my head. I visualize the stars above my bed and I start from the bottom of the cluster, working my way up.</p> <p>...I want him to be done already. I just want him off me.</p>
239	<p>"So we didn't...we didn't have sex?"</p> <p>...He kisses me tentatively on the lips, almost as if he's scared to touch me again.</p>
255	<p>He lowers his mouth to mine and kisses me.</p>
264	<p>I just want to stop feeling everything that I'm feeling, so I reach up and grab his face and press my lips to his. I kiss him hard and fast, wanting him to react, but he doesn't.</p>
286	<p>His other hand is planted firmly on the back of my head, guiding it as he kisses me deeply. His kiss is exactly what I need right now.</p>
287	<p>He grabs my ass and pulls me against him. "Don't fall asleep while I'm in here, because when I get out, I want to show you just how incredible I think you look right now."</p>
302	<p>Daddy also says that mommy would be sad if I stopped taking his presents because she's not here to take his presents anymore.</p> <p>...Then when my daddy finally stops making me thank him, he pulls my nightgown</p>

	<p>back down and whispers, "Goodnight, Princess."            ...I hate getting presents.</p>
307	<p>Every part of me that remembers all the nights I've made out with guys in my bed, never feeling a single thing while looking up at the stars. Every part of me that broke out into a full-blown panic attack the night Holder and I almost had sex.</p>
310	<p>I slide my body on top of his and kiss him, wanting him to take away the feelings.            ...I slide my hand behind his neck and pull his face to mine, pressing my lips back to his. If I kiss him enough, he'll relent and kiss me back.            ...He places his hand on my cheek and kisses me back momentarily. I let go of his head and start to pull off my shirt, but he pulls my hands away and brings my shirt back down.            ..."Have sex with me."</p>
311	<p>He walks back to the bed and sinks to his knees on the floor in front of me, bringing himself to my eye level. He grabs my waist and scoots me to the edge of the bed, then slides his hands behind my knees and wraps my legs around him. He pulls my shirt over my head, never once looking away from my eyes. When my shirt is off, he pulls his own shirt off. He wraps his arms around me and stands up, picking me up with him and walking to the side of the bed. He lays me down gently and lowers himself on top of me, then places his palms against the mattress on either side of my head, looking down at me with uncertainty.            ...He lifts up onto his knees and reaches to his wallet on the nightstand. He takes a condom out, then removes his pants, never once taking his eyes off mine.            ...Holder's fingers grasp the button on my jeans and he unbuttons them, then slides them off me.            ...He lowers his lips to mine and kisses me while he removes my bra and underwear. I'm glad he's kissing me, because it gives me an excuse to close my eyes. I don't like the way he's looking at me...like he wishes he were anywhere else right now than here with me. I keep my eyes closed when his lips separate from mine in order for him to put on the condom. When he's back on top of me, I pull him against me, wanting him to do this before he changes his mind.            ...He positions himself against me, kisses me on the side of the head, then slowly enters me.            I don't make a sound, despite the pain.            I don't even breathe, despite my need for air.            ...I'm successfully able to keep myself separated from what he's doing until he abruptly stills himself on top of me, his head still buried tightly against my neck. He's breathing heavily and, after a moment, he sighs and separates himself from me completely.</p>
316	<p>Now you're asking me to have sex with you because you want to take that from him, but it doesn't make it easier to make love to you when you can't even look me in the eyes.</p>
317	<p>I kiss him. Holy shit, do I kiss him. I kiss him with every ounce of emotion that's coursing through me. He cradles my head with his hands and lowers me back to the bed, climbing on top of me.</p>
318	<p>He smiles, looking down at me with fascination. He dips his head and kisses me, infusing my mouth with the taste of him. He kisses me softly and gently, delicately</p>

	<p>sliding his mouth over mine as he unties my robe. I gasp when his hand eases inside, stroking my stomach with his fingertips.</p> <p>..."God, I love you," he says, moving his hand from my stomach and across my waist. He slowly trails his fingers down to my thigh and I moan into his mouth, resulting in an even more determined kiss. He places a flat palm on the inside of my leg and puts slight pressure against it, wanting to ease himself against me, but I flinch and become tense.</p>
319	<p>"I want to make love to you, Sky. And I think you want it, too..."</p> <p>..."When I'm kissing you, I'm kissing you because you have the most incredible mouth I've ever seen and you know I can't not kiss it. And when I make love to you- I'm doing exactly that. I'm making love to you because I'm in love with you..."</p> <p>...I respond by completely dissolving into him, allowing his lips to follow his, my hands to intertwine with his, my rhythm to match his.</p> <p>...The entire time he's touching me, exploring me with his hands and his lips and his eyes, he continues to tell me over and over how much he loves me. And for once, I remain completely in the moment, wanting to feel every single thing he's doing and saying to me. When he finally tosses the wrapper aside and readies himself against me, he looks down at me and smiles, then strokes the side of my face with his fingertips.</p> <p>...He immediately covers my mouth with his and the familiar, sweet mixture of him seeps into my mouth at the same moment he pushes inside me, filling me with so much more than just himself.</p> <p>...I grasp his shoulders and move with him, feeling everything.</p>
331	<p>"After your mother died, I started drinking heavily again. It wasn't until a year later that I got so drunk one night that I woke up the next morning and knew I had done something terrible..."</p>
350	<p>I kiss the side of his head, my hands gripping his neck. Each time my lips touch him, he holds me just a little bit tighter. His mouth grazes my shoulder and soon we're both attempting to kiss away every ounce of the heartache that neither one of us deserves. His lips become adamant as he kisses my neck harder and faster, desperately trying to find an escape. He pulls back and looks into my eyes, his shoulders rising and falling with every breath he's struggling to find.</p> <p>In one swift movement, he crashes his lips to mine with an intense urgency, gripping my hair and my back with his trembling hands. He pushes my back against the shower wall as he slides his hands down behind my thighs. I can feel the despair pouring out of him as he lifts me up and wraps my legs around his waist.</p> <p>...I wrap my arms around his neck, pulling him against me, allowing him to consume me for a break from his heartache. I let him, because I need a break just as badly as he does right now. I want to forget about everything else.</p> <p>...With his body pressing me into the wall of the shower, he uses his hands to grip the sides of my face, holding me still as our mouths anxiously search each other's for any semblance of relief from our reality. I'm grasping his upper back with my arms as his mouth moves frenziedly down my neck.</p> <p>"Tell me this is okay," he says breathlessly against my skin. He lifts his face back to mine, nervously searching my eyes as he speaks. "Tell me it's okay to want to be</p>

	<p>inside you right now . . . because after everything we've been through today, it feels wrong to need you like I do."</p> <p>I grip his hair and pull him closer, covering his mouth with mine, kissing him with such conviction that my words aren't even needed. He groans and separates me from the shower wall, then walks out of the bathroom to the bed with me still wrapped around him. He's not being gentle at all with the way he rips off the last two items of clothing between us and ravishes my mouth with his, but I honestly don't know if my heart could take gentle right now.</p> <p>He's standing at the edge of the bed leaning over me, his mouth meshed to mine. He breaks apart momentarily to put on a condom, then he grabs my waist and pulls me to the edge of the bed with him. He lifts my leg behind the knee and brings it up to his side, then slides his hand underneath my arm and grips my shoulder. The moment his eyes fall back to mine, he pushes himself into me without hesitation. I gasp from the sudden force of him, shocked by the intense pleasure that takes over the momentary flash of pain. I wrap my arms around him and move with him as he grips my leg tighter, then covers my mouth with his. I close my eyes and let my head sink deeper into the mattress as we use our love to temporarily ease the anguish.</p> <p>His hands move to my waist and he pulls me against him, digging his fingers deeper into my hips with each frantic, rhythmic movement against me. I grab hold of his arms and relax my body, allowing him to guide me in whatever way can help him right now. His mouth breaks away and he opens his eyes at the same time open mine.</p> <p>...He continues looking at me, but he turns his head and kisses the inside of my palm, then drops himself on top of me, stopping suddenly.</p> <p>We're both panting for air and I can feel him inside me, still needing me. He keeps his eyes locked with mine as he slides his arms underneath my back and pulls me to him, lifting us both up. We never separate as he turns us around and slides himself down to the floor with his back against the bed, me straddling his lap. He slowly pulls me in for a kiss. A gentle kiss this time.</p> <p>The way he's holding me against him protectively now, trailing kisses along my lips and jaw—it's almost as if he's a different Holder than the one I had just thirty seconds ago, yet still wholly passionate. One minute he's frantic and heated . . . the next minute he's gentle and coaxing. I'm beginning to appreciate and love the unexpectedness in him.</p> <p>I can feel him wanting me to take control now, but I'm nervous. I'm not sure that I even know how. He senses my unease and he moves his hands to my waist, slowly guiding me, barely moving me on top of him. He's watching me earnestly, making sure I'm still here with him.</p> <p>...He brings one of his hands to my face, still guiding me with his other hand on my waist. "You know how I feel about you," he says. "You know how much I love you. You know I would do whatever I could to take away your pain, right?"</p> <p>I nod, because I do know. And looking into his eyes right now, seeing the raw honesty in them, I know he's felt this way about me long before this moment.</p> <p>"I need that from you so fucking bad right now, Sky. I need to know you love me like that."</p> <p>Everything about him, from his voice to the look on his face, becomes tortured. I</p>

	<p>would do whatever it took to take that away from him. I lace our fingers together and cover both bur hearts with our hands, working up the courage to show him how incredibly much I love him. I stare him straight in the eyes as I lift up slightly, then slowly lower myself back down on top of him.</p> <p>He groans heavily, then closes his eyes and leans his head back, letting it fall against the mattress behind him.</p> <p>"Open your eyes," I whisper. "I want you to watch me." He raises his head, looking at me through hooded eyes. I continue to slowly take control, wanting nothing more than for him to hear and feel and see just how much he means to me. Being in control is a completely different sensation, but it's a good one. The way he's watching me makes me feel needed like no one's ever been able to make me feel. ... "Don't look away again," I say, easing myself up. When I lower myself back onto him, his head sways slightly from the intensity of the sensation and a moan escapes my throat, but he keeps his tortured eyes locked firmly on mine. I'm no longer in need of his guidance, and my body becomes a rhythmic reflection of his. "The first time you kissed me?" I say. "That moment when your lips touched mine? You stole a piece of my heart that night." I continue my rhythm as he watches me fervently. The first time you to me you lived me because you weren't ready to tell me you loved me yet?" I press my hand harder against his chest and move myself in closer to him, wanting him to feel every part of me. "Those words stole another piece of my heart."</p> <p>He opens his hand that I have pressed over my heart until his palm is flat against my skin. I do the same to him.</p> <p>...I lower my mouth to his and kiss him softly. He closes his eyes and begins to ease his head against the bed again. "Keep them open," I whisper, pulling away from his lips. He opens them, regarding me with an intensity that penetrates straight to my core. "I want you to keep them open . . . because I need you to watch me give you the very last piece of my heart."</p> <p>He releases a vast breath and it's almost as if I can see the pain literally escaping him. His hands tighten around mine as the look in his eyes instantly changes from an intense hopelessness to a fiery need. He begins moving with me as we hold each other's gaze. The two of us gradually become one as we silently express with our bodies and our hands and our eyes what our words are unable to convey. We remain in a connected cadence until the very last moment, when his eyes grow heavy. He drops his head back, consumed by the shudders that are taking over his release. When his heart rate begins to calm against my palm and he's able to connect with my eyes again, he pulls his hands from mine and grips the back of my head, kissing me with an unforgiving passion. He leans forward as he lowers my back to the floor, trading dominance with me, kissing me with abandon.</p>
378	<p>"I plan on making love to you, Sky. A lot. Pretty much any chance we get, because I rather enjoyed you this weekend, despite the circumstances surrounding it all. So in order for me to continue to make love to you, I would very much appreciate it if you would make alternative contraceptive arrangements so that we don't find ourselves in a pregnancy-induced marriage with an expiration on it. Do you think you could do that for me? So that we can continue to have lots and lots and lots of sex?"</p>

401	He laughs and rolls on top of me, meshing his ice-cold lips with mine. The contrasting temperatures of our mouths are enough to make him groan. He kisses me until his entire body is well above room temperature again. ..."We've never had sex in your bed."
